and interest at 4% — being ½ p. c. in excess of that allowed by the Govt of India on their securities — was allowed thereon.

2. On the 2nd of the following month i.e., April, Govt raised the interest on fixed deposits in Savings Banks to 5 p. c. It may, perhaps, be ascertained from the Comptr's office whether the Govt of India also have enhanced the rate of interest on their securities.

Vide Notfn No 6005 & 7232-16-1 dt 2/4/17

3. It is a point for consideration and orders whether the order of the Financial Deptt of 2nd April 17 raising the rate of interest to 5% can be made applicable to a permanent deposit accepted only a few days previous to the passing of the order. The Financial Secretary has recorded his opinion in some other connection that the present rise in the rate of interest is temporary and it should not affect past permanent endowments. It is a point for consideration whether this can be made strictly applicable to the case in point.

4 It may, perhaps, be ascertained from the Dy Comr whether the deposit was accepted before or after the passing of the order of 2nd April 1917.

Subd for orders.

A ruling in the matter of enhancing the rate of interest to 5 p.c. on deposits already accepted, of general application with regard to cases of the kind now under note, seems to be called for. Has the Fin' Branch been consulted?

This is a case which does not call for special treatment: the G.O accepting is dated previous to the issue of the order sanctioning increase ~~in the~~ of interest on deposits in Saving Bank. Draft an endorsement to this effect.
